

Assumption made in Assignment

- Each clinic is appointed with only 1 head vet to manage the clinic.
- The training date is assumed to include the time
- A clinic can have no visit during operation time, so vet do not need to attend any visit
- A clinic is assumed to be able to conduct zero to many trainings, so a vet can provide zero to many trainings' sessions.
- One prescription is for one drug.
- During a visit, each drug can be prescribed in multiple prescriptions.
- A new drug will not have any prescription.
